Lancaster Farming

VOL. 12 NO. 36 | Lancaster Farming, Saturday, August 5, 1967 | $2 Per Year

Fisher Again Tops FFA Hog Show; 270 Sale Animals Total $13,789

Last year's Future Farmer county hog show champion Robert Fisher of East Earl R1 proved Tuesday that it was no accident. Although he didn't match last year's record by winning grand and reserve champion titles, he set a new record by repeating for the top title in the fifth annual show and sale at the Lancaster Stock Yards.

In addition, the Grasslands Chapter youth paced the winners with firsts in six classes — including Pen of 10 — and three second placings

In tapping Fisher's 205-pound Hampshire barrow for the championship, judge Hen-

Philip Ogline

Two Join County Vo-Ag Staffs

Two newcomers were introduced this week at the county vocational agriculture teachers meeting held at Penn Manor High School. Both have joined the department at Garden Spot High School; they are Philip Ogline and Donald Robinson.

Movement of teachers in several of the county's vocational agriculture departments in recent months resembles a sort of "musical-chairs" activity.

At Solanco, the three-man de-

26 County 4-H'ers To State Days Aug. 7-9

Twenty-six Lancaster County 4-H youngsters will be joining some 1200 others next week at Pennsylvania State 4-H Days to be held on the campus of Penn State University August 7-9th.

Competition will center around judging events and demonstrations, with state titles at stake. Teams and individuals who have recently won blue ribbons in district agricultural and home economics competition will be featured. Agricultural judging contests include dairy, entomology, general livestock and horse.

County Guernsey Breeders Field Day Set Aug. 10

The Lancaster Guernsey Breeders' Association will hold its annual field day August 10th, according to association secretary-treasurer Elmer D. Lapp.

This year, the event will be hosted by Mr. and Mrs. C. Henry Breneman & Sons, Strasburg R1.

The morning program will start at 10 o'clock, and will include judging of three classes of Guernsey cattle. David J. Olig of McMillen Feed Mills, Inc., will judge the morning event and will be the featured afternoon speaker.

Reservations are requested of anyone wishing to purchase the fried chicken lunch, which will be offered at $1 50. Those interested are advised to contact one of the three field day committeemen by August 7th They are: Herbert Myer, 687-

Mary Lou Landis Named '67 County Poultry Queen

Mary Lou Landis

Directors of the Lancaster County Poultry Association Thursday night chose a queen who will carry the county banner into competition for the State Poultry Queen title at Hershey later this month.

Meeting at the Lancaster Farm Credit building, directors endorsed Mary Lou Landis as Lancaster County Poultry Queen for 1967. The 17-year-old daughter of Mr. and Mrs. Myron L. Landis appears to be a young lady of many talents.

Her high school career at Lampeter-Strasburg was highlighted with outstanding achievements in music and sports. For example: she was high scorer in field hockey for the past two years; was captain of the girl's hockey and basket-

Many Repeat Wins At County Dairy 4-H Roundup; 31 To District Show

At the two-day county 4-H dairy roundup, held this week at the Guernsey Sale Pavilion, quite a few of last year's winners proved lightning could strike twice.

In the Holstein division on Monday, Richard Rutt of Quarryville R2 retained the title he won last year with Twinkle Edgefield Star Sequoia The four-year-old cow also again proved her worth. She will not be one of the 31 animals eligible for the district show August 25 at Hershey, however, because Rutt has sold her to another area Holstein breeder

Reserve Holstein honors went to Henket Apollo Ellen, a senior yearling shown by Mary Ellen Kettering of Lititz R3.

Another repeat winner in the breed judging was Steven Arrowsmith, Peach Bottom. He again swept both top Jersey titles, with his grand champion Hillacres Milkboy Penny repeating in the top spot

Another repeating champion was Averril Royer, 2025 Oregon Pike Her animal was judged best fitted, and won the senior and grand champion fitting titl for all breeds.

Dairymen Okay Base-Excess Plan

Dairymen in the Delaware Valley federal order milk marketing area approved amending the order to include the proposed base-excess plan, U. S. Department of Agriculture officials announced this week

The amendment became effective August 1st, after more than two-thirds of the dairymen voting in the referendum indicated their approval. The base-excess pricing plan establishes an incentive to dairy farmers to adjust their milk production to an even output throughout the year The base-forming period will be July through December, except this year, when it will be August through December.

Each farmer's base will reflect his average daily deliveries to the market in the base-forming months. It will determine how much milk he can deliver to the market in the following months of March through June to be priced at the base rate Milk sold in excess of his base will bring a farmer a lower price, USDA notes.

The amended order is based on a public hearing in Philadelphia, June 12-13, held at the request of the Inter-State Milk Producers' Cooperative.

Farm Calendar

August 7 – 7, 8, and 9, State 4-H Days at Penn State University.

– 7.45 p m., Joint meeting of Red Rose DHIA directors and supervisors at Lancaster Farm Credit building.

August 8 – 8th to 10th, 1967 Pa Greenhouse and Retail Florists Conference at Penn State University.

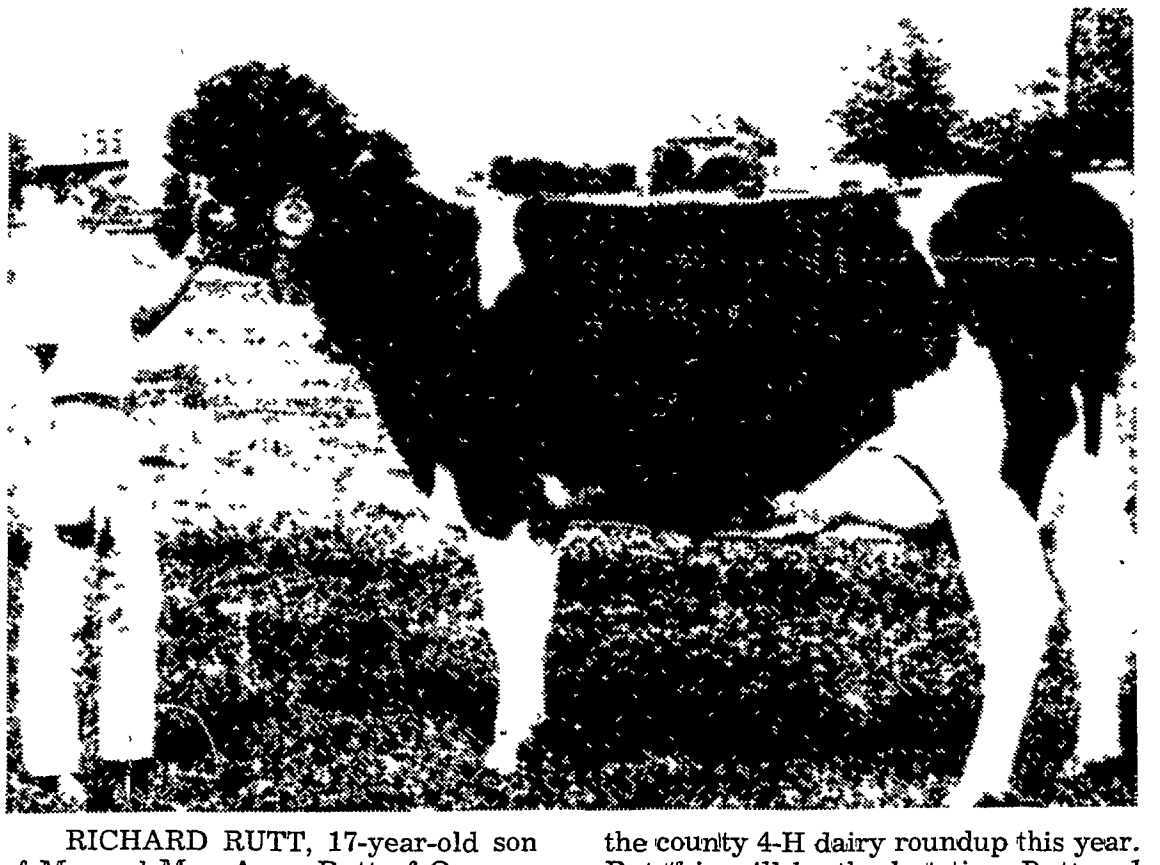
August 10 – 10 a m., Lancaster County Guernsey Breeders Association field day at farm of C. Henry Breneman, Hessdale.

– 4 p.m., dedication of diagnostic laboratory at New Bolton Center.

Weather

Temperatures during the next five days are expected to average near the normal range of 86 to 65 with little day-to-day change expected.

Precipitation in the form of showers is expected to total more than ½-inch, occurring about Monday.



RICHARD RUTT, 17-year-old son of Mr. and Mrs. Amos Rutt of Quarryville R2, once again showed his home-bred cow Twinkle Edgefield Star Sequoia to the grand championship at the county 4-H dairy roundup this year. But this will be the last time Rutt and Twinkle will appear in the show ring together as Dick sold the 4-year-old cow to another Holstein breeder this week. L. F. Photo

RED MEAT PRODUCTION UP FOR 1ST SIX MONTHS

HARRISBURG — Red meat produced by Pennsylvania slaughtering establishments in the first six months of 1967 totaled 522 million pounds, seven percent more than last year's output for the same period, according to the Pennsylvania Crop Reporting Service.

June production of 83,691,000 pounds, although seven percent less than the previous month, was five percent more than for the same month a year ago. Pork output showed the largest increase in June, lamb and mutton were approximately the same, while beef and veal showed declines

From Where We Stand . . .

All-Important Farmer Information

Technology on the farm front has been changing at a dizzying pace for the past few years, or so. How do farmers keep aware of these changes? How do they get the latest technical production information which can be so important in turning a farm profit these days?

According to a survey published this week by a Penn State University rural sociologist, farmers prefer farm magazines and newspapers to group meetings or personal visits as methods of getting information about farming. It was also noted that 90 percent of the dairy farmers surveyed in the three-county area received weekly newspapers.

On the average, each farm family subscribed to five farm magazines. The average reading time for farmers was about 15 minutes a day, it was reported. It was also found that relatively few farmers subscribe to the higher-priced or highly specialized publications — although this number is increasing as our complicated farm technology increases.

The study confirms the findings of earlier surveys, including one which observed the reading habits of Wisconsin dairymen.

Why do farmers have this preference for the written rather than the spoken word? The author of the study does not spell out the reasons in great detail, but we can think of several. Time would be one important factor. Although the demands on a farmer's time often vary seasonally, he is, generally speaking, a busy guy. The farm news and information in magazines or newspapers can be gleaned at his convenience. And if he doesn't have time to finish reading a certain article of interest, he can leave it and come back to it when it suits. Once in the farmer's hand, the printed word endures. It doesn't rely on electricity — it can be fully utilized by candlelight or by daylight.

How many times have you heard a speaker, or broadcaster, say something that caught your interest in passing? Then, when you try to recall it later, many of the details are missing. There can be little room for such misunderstanding when a farmer relies on farm newspapers and magazines for his information. If a farmer finds a word he doesn't understand he can look it up in the dictionary. If the meaning of a certain piece of information is not clear, he can puzzle it out and study it from all angles, even take it to someone else for an explanation.

Yes sir! No matter how you look at it, the printed word is the best shape information has ever been in!

The Amish And The Tourists

Much has been written lately about the effects of Lancaster County's constantly-increasing tourist business upon our Amish citizens. Most reports suggest that the thoughtless, camera-happy tourists are a steady source of irritation to the Amish — and are even a factor in causing many of the Amish to leave the area for more isolated communities.

We have no doubt that these reports are based in fact, but a new thought occurred the other day which we found amusing. Everyone has seen how the tourists gawk as they drive through the Amish sections. We had occasion this week to observe the tourist-Amish relationship as we poked along behind a line of crowded cars which seemed to represent every state in the nation. It's a wonder there weren't a few collisions; cars were wandering all over the road and pulling abruptly to the shoulder as occupants of some cars were busy pointing out the colorful Amish folk as the latter went about their shopping business and other errands.

The Amish were more polite: they didn't point. But we noticed many looking the tourists over very carefully, although somewhat guardedly. And why not? Here's a cross-section of America right on the doorstep! Without ever leaving home, the Amish can get an idea of what people the country-over look like; in the shops and on the streets of their local communities they can hear America speak.

So the relationship is not all one-sided. The Amish themselves must get a lot of quiet laughs as they observe some of the touring characters. This undoubtedly doesn't offset the nuisance and aggravation the tourists cause the Amish as they intrude upon the latter's privacy. But perhaps it's some small consolation.

NOW IS THE TIME . . .

By Max Smith

Lancaster County Agent

To Top Tobacco Carefully

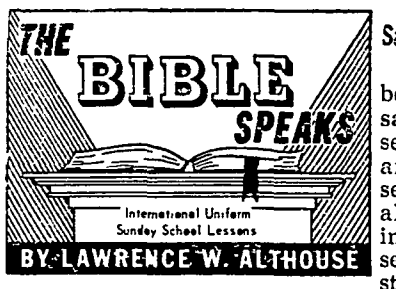
The number of leaves left on a tobacco plant will vary from farm to farm and from field to field. We do not know of a definite number of leaves that will be proper for all growers. this will depend upon the time of the year, the fertility of the soil and the general growing conditions. Each farmer will know his land better than anyone else. The important thing is to leave only enough leaves that will reach maturity before cutting. Green or immature leaves when cut do not cure properly and will lower the value of the crop.

To Apply Chemicals Accurately

The tobacco crop is growing rapidly and many growers have already topped and sucker control will soon need attention. If chemicals are to be used to control suckers, then growers are urged to become acquainted with the correct recommendations and follow them carefully. Excess amounts applied may lower the quality and value of the crop; also, chemicals applied to immature leaves will not give good results. Follow the directions carefully for maximum benefits.

To Seed Fall Forage Crops

Livestock producers needing late fall pasture might want to seen winter rye or one of the winter wheat (Dual or Redcoat) during the month of August. With favorable weather conditions these grains will make rapid growth and may be grazed or green-chopped until cold weather arrives. Frost or freezing weather will not make them poisonous to livestock.

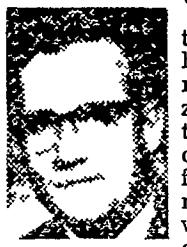


The Difference

Lesson for August 6, 1967

Background Scripture: Acts 17
Devotional Reading: Isaiah 40:21-31.

Much of what we might call "popular religion" today seems predicated upon two equally erroneous articles of belief. The first of these is: **It doesn't matter what you believe, so long as you believe in something.**



Rev. Althouse

You've heard that many times, haven't you? We read it in magazines, hear it on television and radio, and are confronted with it almost always when people begin to discuss religion. Yet, if this were true, then we would also have to assume: (1) that the way we act or live is unaffected by what we believe; (2) that all religions and philosophies are of equal validity and value, and (3) that the value is in believing, not in what we believe.

To Live As We Believe

Hitler believed that the Jews and Slavic people were **Untermenschen** (sub-human beings); therefore, he felt no violation of his morals when he ordered their extermination in his death camps. He was entirely consistent with his beliefs. They did affect the way he lived his life, didn't they?

John Dillinger believed that a man has to take what he wants regardless of who it hurts or what laws it breaks. The gangster lived and died by the violent code in which he believed. Could we say that it was enough for him to have believed in "something"?

The Communists are convinced that material prosperity and progress is the primary goal for all national life and the individual's rights must be subordinated to that goal. Wouldn't you agree that this belief "matters" to those who live under Communist rule?

What we believe, then, does matter. It affects the way we live and different religions call forth different ways of life. Therefore, **the value is not merely in believing, but in what we believe.**

Same, Yet Different

The other popular article of belief is that: **We all believe in the same God.** This is true in the sense that there is but one God and all men who try to find him seek the same Reality. Yet it is also true that men's understanding of what or who it is they are seeking varies greatly and substantially.

Joshua and Jesus, for example, sought to serve the same God. Yet the nature of God as Jesus understood him was radically different from the concept of God that Joshua knew. Furthermore, these different concepts also made for radical differences in the lives that they lived. The matchless life of Jesus was a direct result of his understanding of what God was really like.

When Paul went to Athens, he found that the people there were "very religious" in one sense of the word. That is, they were much interested in discussing and debating various ideas about the nature of the gods. Throughout the city there were altars to countless deities. There was even an altar to "the Unknown God," for they recognized that there might be other deities of which they were ignorant.

No Longer "Unknown"

Thus, when Paul spoke to a group who had gathered on Mars Hill, a place for open-air debate and speeches, he spoke of God as the Creator, the Sustainer, the Lord of heaven and earth. But, he went on, this God whom you represent with idols, whom you seek in so many ways, was fully and adequately revealed through the resurrected Jesus Christ. He no longer needs to remain "Unknown"!

This is no less true today. All men seek some Ultimate Reality. The Christian does not say, "I am right and you are wrong," but points to Christ as the highest, fullest revelation of the one God whom all men seek. It does matter what we believe in — even more, in Whom we believe. For it is the God revealed in Christ, the Redeemer as well as the Creator, that makes all the difference in the world.

● Poultry Queen

(Continued from Page 1)

ball teams; and was named the outstanding girl athlete at her graduation last June

That's one side of the remarkable Miss Landis. At the other extreme, she played the leading female role in the school operetta last year; was treasurer and accompanist for the chorus, played cornet in the band, served as librarian; was the Garden Spot FFA Chapter Sweetheart, and she gives piano lessons. She has been active in 4-H plays, and has four years' experience showing steers as a member of the Red Rose Baby Beef Club.

Miss Landis' parents operate a 44-acre farm in the Strasburg area. The family keeps 6000 laying hens and raise corn and alfalfa.

During the summer, Miss Landis works as a waitress at the Dutch Horn of Plenty Restaurant. She plans to enter Messiah College, Harrisburg, where she will major in either sports or music. Her ultimate goal is to teach school at the elementary level.

Prior to winning the title, Miss Landis noted that she "would be proud to represent my county in the state contest if I am selected Lancaster County Poultry Queen. I would do everything in my power to promote the poultry industry," she added.

Queen Mary Lou will compete for the state title on Saturday, August 26, during "Dutch Days" at Hershey.

NEPPCO TOUR

In other business, directors conferred with David Heffler of the Northeastern Poultry Producers Council (NEPPCO) regarding the tour of Lancaster County's poultry industry October 9th.

The county will host the tour in conjunction with the NEPPCO Exposition to be held in Harrisburg October 10-12. The tour schedule was discussed in detail, and Heffler and association president John H. Hess planned to visit each of the stops on the following morning.

Hess presented a letter to the directors noting that a ceremony will be held at New Bolton Center to dedicate the new diagnostic laboratory at the Pennsylvania University Veterinary College. Secretary of Agriculture Leland H. Bull is expected to be on hand for the occasion. To be held August 10, at 4 p.m., the event will also serve to introduce the Center's new poultry pathologist Dr. Chen Hwang.

When directors of the poultry association approached Secretary Bull earlier this year regarding a poultry diagnostic center to be located in Lancaster County, one argument presented by the administration against such a move was that facilities already existed at Summerdale and at New Bolton. In fact, the facilities at New Bolton had been without a competent diagnostician since last year, the directors informed Bull at that time.

ADVERTISE EGGS

Allen Graybill, chairman of the poster committee to advertise eggs and poultry at various points of sale in the county, reported on his committee's progress.

Graybill noted that a slogan "Egg Him On With The ENERGY Breakfast" had been developed to accompany one poster. Others will follow. The posters are to be furnished free by the Eli Lilly Co., and will be printed locally.

A report on the recent association tour disclosed that approximately 100 countians had made the trip to Hershey, Grimes Poultry Processing Plant, and Whitmoyer Labs.

● County Guernsey

(Continued from Page 1)

6377, Melvin Stoltzfus, 687-7304, and Clarence Harnish, 464-3791.

Lapp urges all Guernsey breeders to attend the affair and to bring their families. The Breneman farm is located just off Rt. 222, turn east at Hessdale, and it is the first farm on the left.

Only 23 of the Mayflower families ever had children, yet over 100,000 Americans trace their ancestry back to them.

● Dairy Roundups

(Continued from Page 1)

In the grand champion showman competition, James Kettering of Lititz R3 was senior and grand champion of the two-day show. This was close to being a repeat, at least to the extent of last names — Jim's sister Mary Ellen was last year's showmanship champ.

OTHER CHAMPIONS

Among the other breed champions were: Guernsey, Mark Witmer, Willow Street R1, grand champion; with Penn Del Hero Anita; reserve went to Har-Len T. C. Beautiful, shown by Douglas Weidman of Landisville.

In the Ayrshire competition, Paul M. Brubaker of Lititz R1 showed his senior calf Spruce Villa Kings Royalette to the grand championship while Brenda Eshleman of Elizabethtown R1 took the reserve title with an intermediate calf, Scott's Abbey.

Type judge for the roundup was Donald Ace, Penn State University dairy specialist. Showmanship was judged by Glenn Shirk, Chester County associate agent, while fitting was judged by Schuylkill County agent Charles I. Robertson.

DISTRICT SHOW

Chosen to represent the county at the southeast district dairy show later this month were 12 Holsteins to be shown by: Roy Book, Jr., Ronks R1; Jim Kettering; Carol Ann Hess, Strasburg R1; Kenneth Risser, Ronks R1; John E. Kurtz, Elizabethtown; C. Robert Greider, Jr., Columbia R2; Glenn M. Kreider, Quarryville R1; Mary Ellen Kettering (2); Averril Royer; Benny Kettering, Lititz R3; and Susan Ann Kauffman, Elizabethtown R1.

Seven Guernseys will be shown by: Mark Z. Witmer (2); Cindy Breneman, Strasburg R1; Phillip M. Shoemaker, Kirkwood R1; Peter Witmer, Willow Street R1; Cheryl Lynn Balmer, Lititz R4; and Charlene Wagner, Quarryville R2.

Six Jerseys will be shown by: Stephen Arrowsmith (2); and the Aaron family, including Shirley, Thomas, Barbara Jeanne, and Larry, all of Quarryville R1.

And six Ayrshires will be shown by: Paul M. Brubaker; John B. Clark, Lititz R1; Carol M. Brubaker, Lititz R1; and by Brenda, Donna, and Mary Jane Eshleman of Elizabethtown R1.

Blue ribbon winners by classes were:

HOLSTEINS

Junior Calf, 1, Roy W. Book, Ronks R1; 2, Jim Kettering, Lititz R3; 3, Jane Rind, Lancaster R6; 4, Linda Lou Kauffman, Elizabethtown R1; 5, Vernon Dale Umble, Christiana.

Intermediate, 1, Carol Ann Hess, Strasburg R1; 2, Barbara Kreider, Quarryville R1; 3, Lynn H. Royer, 2025 Oregon Pike; 4, Patricia Lynn Eby, Gordonville R1; 5, Carol Kettering, Lititz R3.

Senior Calf, 1, Kenneth Risser, Ronks R1; 2 John E Kurtz, 1160 N. Market St, Elizabethtown; 3, Darryl Bollinger, Manheim R1; 4, Linda Dombach, 709 E. Petersburg Road; 5, Burnell L. Buchen, Manheim R3.

Junior Yearling, 1, Susan Ann Kauffman, Elizabethtown R1; 2, Nancy Lavonne Eby; 3, Linda Martin, East Earl R1; 4, Marilyn Krantz, New Providence R1; 5, Randal Lee Hess, Strasburg R1.

Senior Yearling, 1, Mary Ellen Kettering; 2, Benny Kettering; 3, Robert Dean Hess, Strasburg R1; 4, Lucinda K. Hess, Strasburg R1; 5, Richard D Hess, Strasburg R1

Two-Year-Old, 1, Averril L Royer; 2 Mary Ellen Kettering; 3, Carol Kettering; 4, Rhoda F. Stauffer, Ephrata R1; 5, Bill Landis, Lancaster R6

Three-Year-Old, 1. C Robert Greider Jr., Columbia R2; 2, Glenn M Kreider, Quarryville R1; 3, Edwin E Hess, Strasburg R1

Aged Cow, 1, Richard Rutt; 2, Earl C. Stauffer, Ephrata R1.

AYRSHIRE

Junior calf, Donna Wertz, Lititz R1; intermediate calf, Brenda Eshleman, Elizabethtown R1; senior calf, Paul M Brubaker, Donna Eshleman; junior yearling, John B Clark, Lititz R1, senior yearling, Sandra Eshleman.

GUERNSEY

Junior calf, Randy O'Connell, Kirkwood R1; Charlene Wagner, Quarryville R2, intermediate class, Cynthia J. Balmer, Wayne Denlinger, Mark Witmer; senior calf, Cheryl Lynn Balmer, Lititz R4; Donald Breneman, Strasburg R1; Peter Witmer, Willow Street R1; Douglas Weidman; senior yearling, Cindy Breneman, Strasburg R1; Allan R. Crider, Nottingham R2; 2-year-old, Mark Z. Witmer.

JERSEY

Junior calf, Wayne R. Lefever, Quarryville R1; intermediate, Barbara Jeanne Aaron, Thomas Aaron; junior yearling, Stephen Arrowsmith; senior yearling, Shirley Aaron; 3-year-old, Stephen Arrowsmith; aged cow, Stephen Arrowsmith.

PASTURES

THERE IS STILL TIME TO PLAN FOR A NEW AUGUST SEEDING IN 1967

- PERMANENT SEEDING
- NO NURSECROP NEEDED
- GRAZE IN SEVEN WEEKS
- NO RESEEDING FOR YEARS
- NO BLOAT
- GRAZE UNTIL LATE FALL

Hundreds of acres of this Permanent Pasture have been planted in Lancaster County over the past 3 years.

Make milk at lowest cost with this high protein Pasture Mixture.

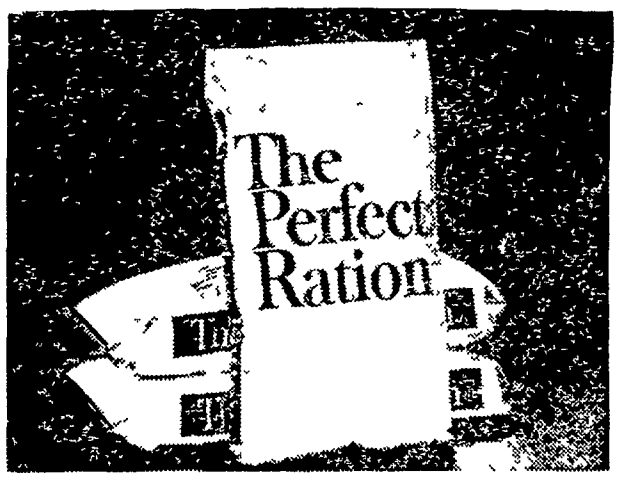
ATTENTION HOG RAISERS



you can't buy it— you have to build it!

There are no protein supplements or standard commercial feeds—bagged or otherwise—that are exactly right for every feeder's needs. Even if there were, nobody could afford to buy them.

Better hog producers across the country know this and are turning to the Pre-Mix Concept of feeding—and building their rations themselves.

How? By following a VIGORTONE Super V-8 or No. 6 pre-mix "Birth-to-Market" program.

When you use VIGORTONE—potent blends of vitamins, minerals, trace elements, and active live cell yeast—along with corn or oats and soybean meal or other natural proteins, *you* (not the feed company) control the balance, content, and costs of your ration.

VIGORTONE programs allow you to

- ☐ use your own quality grain
- ☐ use the special pre-mix and antibiotic of your choice
- ☐ reduce protein costs by as much as ½ by using *natural* protein, not fabricated protein

The result? 20% increase in profits!

To learn more about why the only "Perfect Ration" for you is one you build yourself, see your VIGORTONE Serviceman soon. His experience and nutritional know-how are ready to go to work for you.

Hail Hits Hard In New Holland Section This Week

Particularly hard hit in this week's freak hail storm were corn, tobacco, and potatoes in a belt approximately 1 to 1½ miles wide, running from just north of New Holland towards Terre Hill.

According to Harry Fox, New Holland R1, whose farm seemed to be about at the center of damage, the cherry-sized hailstones were borne in on a hard rainstorm from the southwest Monday afternoon Corn on the Fox farm, shown at left by young Elam Fox, had its leaves slashed into ribbons with many stalks broken This crop will likely recover, but some younger crops were set back substantially

At right is a closeup view of a tobacco plant in the same area This tobacco was recently topped, and had been growing better than most tobacco plants since 1961. Not only are the leaves on the plants in this field completely "punched out", but most of the ribs and stalks are also smashed Some younger plants in the area may come back all right, but this crop looks like a complete loss

The home vegetable garden on the Fox farm was flattened to such an extent it was difficult to tell tomato from squash plants. Grapes on the arbor splat under the pelting of hail, with hardly a grape escaping injury.

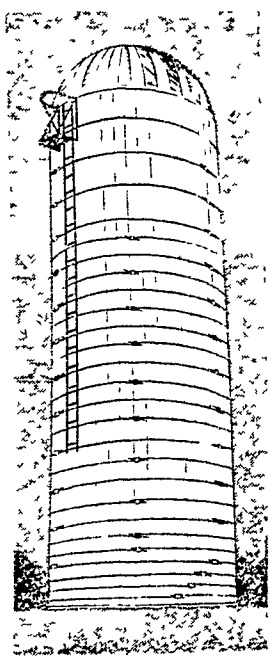
While the extent of the damage has not been completely determined, it will undoubtedly run into many thousands of dollars in lost crops and income

Tindall Cow Has ½-Ton Fat Record 3rd Time

Another official production record exceeding a half ton of butterfat has been completed by Pleasant Grove Lucinda Dean (GP), a registered Holstein cow owned by Charles C Tindall, Peach Bottom. This is the third time that "Lucinda" has achieved the 1,000 lb butterfat production level in a single lactation. This record ranks among 2,319 similarly completed by Registered Holstein cows on official test.

The Pennsylvania Holstein's official record of production totaled 23,881 lbs. of milk and 1,021 lbs of butterfat in 365 days. She started her lactation at the age of nine years and three months and was milked two times daily

BRANDON SILOS



To afford the unequaled Brandon 10-year guarantee for today's larger diameter silos, the Brandon Silo Corporation has engineered a new larger and heavier "Sine-Wave" corrugated stave The new Brandon corrugated stave is the most perfect and durable silo stave that is possible to make.

Lasting beauty incurred in the new "Sine-Wave" corrugated stave by the incorporating of a special blend cement It is unnecessary to "White-Coat" the silo for appearance Your new Brandon silo will be distinguished and permanent.

4-H State Days

(Continued from Page 1)

According to P Glenn Hair assistant state 4-H club leader the purpose of the event is to develop self confidence by participating in contests increase skills in project work and decision making and to see the colleges of the university

Judging contests and demonstrations will be held throughout Tuesday and awards will be presented at an assembly program Wednesday morning

Representing Lancaster County will be Dairy — Carol Groff, John Kurtz, Ann Lefever, and Wayne Yost Senior Livestock — Richard Buckwalter, Lynn Heistand, Larry High and Larry Herr, Junior Livestock — Eugene Bollinger, Robert Donough, Barry Longenecker, and Nelson Rohrer, Horses — Pat Young, Charles Risser, Denise Shaub, and Robert Hershey

Demonstrations will include: Entomology — Hugh Wenger; General — Averill Royer General Livestock — Dale Bushong and Marvin Nissley, Handyman — Dale Shenk, Livestock Conservation — Ann Nissley and Audrey Yunginger Clothing Construction — Kaye Smith

Keystone winners included in the county delegation are Peggy Eshleman and Vicki Shank. Chaperoning the youngsters will be Elvin Hess, Jr and Mrs. Doris W Thomas

Pa. Leaf Beetle Quarantine Set

HARRISBURG — The State Department of Agriculture Thursday declared a cereal leaf beetle quarantine, effective August 10, on the shipment of certain agricultural products from four western Pennsylvania counties

The counties affected are Mercer, Butler, Lawrence, and the portion of Beaver north of the Ohio River The beetle was discovered in these areas last month

Leland H Bull, State Secretary of Agriculture said the quarantine is authorized by the Pennsylvania Plant Pest Act of 1937, which makes it unlawful to sell, offer for sale, or give away agricultural products, from areas considered infected, without approved treatment

Bull said he took the action because other states have indicated they will refuse untreated shipments from infested areas

He said authorized agents of the state and federal agriculture departments will issue certificates after products have been given approved treatment.

Commodities which are regulated under the quarantine are small grains such as barley, oats and wheat (from June 1 to Nov 30); fresh market corn (year round), ear corn other than sweet (Aug 1 to March 31); grass and forage seed, uncleaned (year round), hay, except marsh hay (June 1 to Jan 15); straw and marsh hay (July 1 to Feb 28). sod (year round); used harvesting machinery (year round), fodder and plant litter (year round).

Similar regulations are in effect in Michigan, Indiana and Ohio.

FRUITS FOR SHOW

In choosing fruit for fairs or shows, select those that are most representative of the variety These fruits must be properly colored, conform to variety standards, and be free of bruises and blemishes Try to have display fruits as uniform as possible by making careful selections, urges Carl S. Bittner, extension pomologist at Penn State University.

● FFA Hog Show

(Continued from Page 1)

ry Gruber of A & B Packing Co., Allentown, noted: "This is the kind of conformation we like to see . . . fully muscled. I doubt that this animal will have more than one-inch of backfat."

The son of Mr. and Mrs. Earl Fisher, Bob is a 1967 graduate of Garden Spot High School. Although he is presently working in a garage, his ambition is to eventually have a farm of his own. Not surprisingly, he plans to specialize in hog production.

The reserve title this year went to Earl Stauffer, Ephrata R1, for his open class champion Duroc lightweight. The son of Mr. and Mrs. Clarence Stauffer, Earl is a member of the Ephrata High School Clois-

ROBERT FISHER, East Earl R1, displays his second rosette in as many years for having the grand champion at the FFA Hog Show. The 205-pound Hampshire barrow brought 49 cents a pound at the sale Tuesday afternoon.

ter FFA Chapter. Although he finished runnerup to Fisher for the champion hog title, Stauffer reversed that standing later in the showmanship competition.

SALE LOWER

Although the sale of the FFA hogs which followed the show brought in a whopping $13,789.79, individual and av-

(Continued from Page 8)

erage prices were substantially lower. The grand champion brought 49 cents a pound, compared to 71 cents last year. The reserve brought 28.85 this year compared to 41 cents a pound last year. The average price for all animals sold was 23.85 cents this year — 28.24 cents last year. The animals were auctioned through the Lancaster Livestock Exchange with Walter Dunlap & Sons, Inc. buying the champion. The reserve champion was purchased by Hervitz Packing Co., Harrisburg.

TROPHY ROTATES

Despite Fisher's outstanding efforts, the rotating trophy which goes to the chapter scoring the most points at each year's show returned to Cloister, following a one-year absence during which it resided with the Grassland Chapter. According to Warwick vo-ag teacher Clair Zerby, hog show chairman, the chapter competition was extremely close, with Cloister having sufficient depth in placings to annex the trophy.

BREED CHAMPIONS

Breed championships and reserves were won by the following: Yorkshire, Lester Bowman and Robert Fisher, Berkshires, Jesse Balmer and Mike Baum; Spotted Poland, William Buchter and Terry Kauffman; Duroc, Galen Yoder and Franklin Ruoss; Landrace, Larry High and Nelson Weaver; Crossbred, Terry Rollman and Robert Fisher; Open Class, Earl Stauffer and Terry Rollman; Poland China, Ronald Landis and William Buchter.

In other competition, placings were: showmanship, Earl Stauffer, Robert Fisher and William Buchter; fitting Franklin Ruoss, Wm Buchter, and Robert Fisher; Pen of 10, Fisher, Kauffman, Eugene Bollinger, Leon Buch, Ronald Stauffer, and Jesse Balmer.

Berkshire

Lightweight, Jesse Balmer, Warwick, mediumweights, Jesse Balmer, breed champion and reserve champion

Poland China

Lightweights, 1, Ronald Landis, 2, William Buchter, 3, Linford Weaver; and 4, Charles Harting, all of Cloistor Chapter.

Hampshire

Lightweights, 1, James Kalenick, Warwick; 2, Terry Kauffman, Ephrata; mediumweights, 1, Robert Fisher, New Holland; 2, Raymond Bollinger, Ephrata; 3, Aaron Snader, New Holland; heavyweights, 1, James Kalenich; 2, Richard Gruber, Manheim.

Duroc

Lightweights 1 Galen Yoder, New Holland; 2, Franklin Ruoss, 3, Earl Stauffer; 4, Linford Weaver mediumweights, 1, William Buchter 2, Carl Martin, New Holland, heavyweights, 1, Larry High, New Holland 2, Mark Nolt, New Holland

Gehl Chop-All
for narrow or wide row corn

This year, you'll increase your profits in narrow row corn with the Gehl Chop-All. Narrow or wide row (2-row) corn head attachment lets you chop silage faster . . . saves you valuable time and labor. You'll get up to 28% more silage in your silo with the Gehl Chop-All. Reason: Gehl Chop-All gives you a shorter, finer cut than any other make. And Gehl's chrome-edged knives stay sharp longer — chop more tons of fine-cut forage faster. *When quick touch-ups are needed* . . . Gehl offers a new lightweight 10,000 RPM portable knife sharpener with adjustable guide to insure proper beveling of knife cutting edges, right on the machine. Come in today for a look at the new Gehl Chop-All.

Gala Chicken Recipes

SPENCE

Looking for some new ways to serve chicken so that you won't tire of it now that it's especially thrifty? Here are some new recipes developed to give chicken a lift!

If you feel thrifty when you use one plentiful food you'll feel more thrifty when you make this salad using three plentifuls — chicken, kidney beans and eggs. As a main dish salad it's more important to adjust the size of the servings to the heartiness of appetites. Men who are active will probably start with a double serving. Be prepared for calls for seconds because it's good. This recipe yields 6 servings of ½ cup each.

CHICKEN KIDNEY BEAN SALAD

- 1 cup chicken, cooked, coarsely chopped
- 1¼ cups kidney beans, cooked or canned, drained
- ⅓ cup pickle, sweet, coarsely chopped
- ⅔ cup celery, coarsely chopped
- 1 tablespoon onion, finely chopped
- 2 eggs, hard-cooked, diced
- 1 teaspoon salt
- 3 tablespoons mayonnaise
- 1 teaspoon mustard, prepared
- 1 teaspoon pickle liquid, sweet

Combine all ingredients. Toss lightly. Chill at least 1 hour to blend flavors. Calories per serving: about 205.

Menu suggestion: Serve with carrot sticks, tomato wedges, and potato chips. Have tapioca pudding for dessert.

* * * *

Chicken puff, as the name implies, is a fluffy, light main dish designed to please those who are fastidious about their food. The secret of success — apply heat gently, as described in the directions.

CHICKEN PUFF

- 1 can (10½-oz.) cream of chicken soup
- 2 cups chicken, cooked, finely diced or ground
- ¼ teaspoon poultry seasoning
- 6 egg yolks, beaten
- ¼ cup parsley, chopped
- 6 egg whites, stiffly beaten

Preheat oven to 350 degrees. Grease a 2-quart casserole. Combine soup, chicken, and poultry seasoning; heat. Stir the hot mixture slowly into well beaten egg yolks. Fold the chicken mixture and parsley into egg whites. Pour into casserole. Set in a pan of hot water. Bake 35 to 45 minutes. Calories per serving: (based on 6 servings of ¾ cup each) about 200.

Menu suggestion: serve with asparagus and lettuce wedges. Have a fruit Bavarian cream for dessert.

* * * *

CRISPY OVEN FRIED LEMON CHICKEN

- 1 broiler-fryer, 2½ to 3 pounds, cut into serving pieces
- ½ teaspoon salt
- ½ teaspoon onion salt
- ½ teaspoon thyme, crushed
- ½ teaspoon marjoram, crushed
- 2 teaspoons grated lemon peel
- ⅓ cup lemon juice
- ½ cup water
- Lemon quarters
- Paprika
- Finely snipped parsley

Sprinkle chicken pieces with salt, rubbing well into flesh. Place chicken in shallow baking pan,* skin side down. Combine seasonings, lemon peel and juice and water; pour over chicken. Bake, uncovered, at 400 degrees about 40 minutes. Turn chicken and continue baking basting with pan drippings once or twice, until chicken is done and skin is crispy, about 35 minutes. Dust one cut side of each lemon quarter with paprika; sprinkle other cut side with finely snipped parsley. Garnish serving platter with colorful lemon quarters so guests can squeeze them over chicken for additional flavor. This recipe may be doubled to serve 8. *For easy cleaning, line baking pan or dish with piece of aluminum foil.

* * * *

CRISP NOODLE CHICKEN

- 1 broiler-fryer chicken, cut up
- 1 can (10½-oz.) cream of mushroom soup
- 1 cup dairy sour cream
- 3 tablespoons (½ pkg.) onion soup mix
- ⅛ teaspoon pepper
- 1 can (3-oz.) chow mein noodles

Place chicken in single layer in a 1½ quart casserole. In a bowl combine soup, sour cream, soup mix and pepper; blend thoroughly. Spread over chicken, sprinkle with noodles. Bake in a preheated 375 degree oven 1 hour or until chicken is tender. Makes 4 servings.

* * * *

DUTCH OPEN-FACED SANDWICHES

- 1 teaspoon unflavored gelatine
- ¾ cup fresh or canned chicken broth
- 6 Holland Rusk
- Butter or margarine
- 6 large lettuce leaves or lettuce cups
- Cooked, sliced chicken
- 2 hard-cooked eggs, sliced
- 2 tablespoons chopped, ripe olives
- 2 tablespoons pimiento slices

Soften gelatine in ¼ cup chicken broth. Bring remaining broth to boil; stir in gelatine until dissolved. Refrigerate until consistency of unbeaten egg whites. Meanwhile, spread Holland Rusk with butter or margarine. Top with lettuce leaves, then with chicken and egg slices. Spoon gelatine mixture over it. Refrigerate until set. Garnish with olives and pimiento slices. Makes 6 servings.

* * * *

SWEET-SOUR CHICKEN

- ¼ cup brown sugar, packed
- 2 tablespoons cornstarch
- ½ teaspoon salt
- ¾ cup liquid drained from canned pineapple
- ¼ cup vinegar
- 1 tablespoon soy sauce
- 3 cups cooked, sliced chicken
- ¼ cup onion, thin half slices
- 1 cup drained canned pineapple chunks
- ½ cup celery strips, very thin, 1-inch long
- ½ cup green pepper rings, thin quartered
- 2 tablespoons diced pimiento
- 1 3-oz. can chow mein noodles or 2 cups cooked rice
- ¼ cup slivered, toasted almonds, if desired

Combine brown sugar, cornstarch, and salt. Stir into pineapple liquid. Add vinegar and soy sauce. Bring to a boil over high heat; reduce heat and cook until thick, stirring constantly. Remove from heat. Add chicken, onion, pineapple, celery, and green pepper. Cook 5 minutes. Add pimiento and cook 1 minute longer. Serve over chow mein noodles or rice. Top with almonds, if desired.

Two important things when borrowing money

You need a sharp pencil plus the specialized financial advice of Farm Credit to determine how your financial needs can best be served. Farm production must be maintained, even increased if possible. Providing the financing to insure this is Farm Credit's job. Farm Credit loans are available now for any sound farm need. And, at realistic rates. Farm Credit interest is based on the unpaid balance of the loan. That saves you money.

Farm Credit

Agway Building, Lebanon Ph. 273-4506

I needed a new kitchen and thought "IMPOSSIBLE"!

THEN I HEARD OF
LONG and BOMBERGER!

"Can L&B do the entire job?" I asked. "Of course," friends told me. "From personalized design to finished job, L&B has the know-how and the ability." "Must be expensive," I said. "Not as much as you might think," they assured me. "When L&B does a kitchen, you'll like the design and the price."

So I called Long and Bomberger . . . 626-2123. Got some good design ideas and a firm quotation, too. No need to say "impossible". Just say "Long and Bomberger"!

PENN WILLOWS CLUB REPORTS ROUNDUP

by Peggy Eshleman, reporter

Roundup for the Penn Willows 4-H homemaking projects was held on Wednesday, August 2, at Safe Harbor Park.

Judging for all Sewing, Lets Cook Out Doors, Penny Wise, Small Change, and It's Fun To Bake projects was held.

The sewing girls dressed dolls, began a patchwork quilt as a community service project, and displayed their work.

A pot luck dinner was served

A program of various musical selections, skits and a fashion show was given by the different clubs.

Nan Schreiber, Mary Rosenberger, and Mrs. Doris W. Thomas were guests from the extension office.

Mrs. Thomas presented award ribbons and certificates to the members.

4-H Sewing Club Round-up August 15

The Lititz-Manheim 4-H Sewing Club held its last meeting of the season in the Home Ec. room at Warwick High School on August 1

Carol Rohrer, vice president, conducted the meeting The club's light bulb sale is still in progress. Plans were completed for the Round-up which will be held Tuesday, August 15 at 7 p.m. at the Memorial Hall, Rothsville.

Garments made by the Sewing Club members will be judged at the Round-up. The girls will also be hostesses at a tea for their mothers Mrs Henry Kettering, instructor will assist the girls

About 400,000 men and women throughout the 50 states volunteer as 4-H leaders and serve as project leaders.

NORTHERN HOLSTEIN CLUB HAS ICE CREAM PARTY

by Eddie Hess, reporter

The Northern Lancaster County 4-H Holstein Club held its annual ice cream party July 27th at the Clyde Martin farm, East Earl R1. The Chester County Holstein Club members were guests.

A baseball game preceded the meeting, and a demonstration on "Pointers for Show Day" was presented by Carol and Donna Hess

The next meeting will be a joint meeting of all county dairy clubs. It will be held at the Lampeter Community Park on August 28.

FARM WOMEN NO. 27 HAVE ANNUAL PICNIC

The Society of Farm Women, Group No. 27, held its annual family picnic Sunday, July 30th, at Sico Park, Mount Joy Twenty members and their families attended

The next meeting will feature a book review program based on the Von Trapp Family Singers and their music It will be held August 22 at the home of Mrs. Harold Gerber, Bainbridge R1.

For The Farm Wife

(Continued from Page 10)

NOTE: To get 2 cups cooked rice, cook ⅔ cup raw rice in 1⅓ cups water with ¼ teaspoon salt

Makes 6 servings, ¾ cup each Calories per serving: About 330 if served with chow mein noodles and almonds; 280 if served with rice and without almonds.

Menu suggestion Serve with a crisp green salad. Have a medley of melon balls and berries for dessert.

THOMAS

How To Keep House Fans Clean

Turn off the electric current before you begin to clean any fan. Then follow these suggestions for cleaning an exhaust fan.

Accumulated dust and grease add weight, slow up blades, and eventually work into the motor.

Most exhaust fans are housed behind a grill which you can remove. Usually you can remove the fan from its normal position after loosening a few screws.

Wash blades on both sides, using a sponge wrung out of hot soap or detergent suds, to remove grease and grime.

Dry blades with a clean cloth, working gently to avoid bending blades.

Wipe motor housing with sudsy sponge. Be careful not to let water seep inside. Then wipe with a dry cloth.

You can wash the grill by putting it in hot suds.

To keep the fan in running order, oil it every two or three months Clean it at least every 6 months.

Observe Safety Precautions With Aerosol Cans

Aerosol cans that help you get rid of insects, keep your hair in place, or put fancy toppings on desserts can be dangerous if not stored, used, or disposed of properly

Vapor that remains in the can after the product is used will expand with rising temperatures. This turns the can into a small explosive

Keep aerosol cans away from children

Follow instructions on the can.

Use aerosols that contain flammable or toxic ingredients only with adequate ventilation and never near an open flame.

Because an aerosol can expand with heat, never leave it in sunlight

Never puncture or try to burn an aerosol can.

If you live in the country it's best to bury empty aerosol cans. In the city, dispose of them along with other trash.

Beef Cuts For Outdoor Cooking

Ground chuck usually has the best lean-fat ratio which produces juicy, flavorful hamburgers For best cookout results, make them at least three-quarters of an inch thick.

To serve tender steaks, look for bargains in weekend specials. For outdoor broiling, steaks one and one-half inches thick are recommended.

Make tasty shish kebabs from boneless beef cubes cut from sirloin or top round.

You can cook large compact roasts, such as rolled rib, rolled rump, or sirloin tip, on

Farm Magazines, Preferred Source Of Information, Study Shows

Pennsylvania farmers devote most of their reading time to newspapers and farm magazines, a survey of dairy farmers in Indiana, Susquehanna, and Wyoming counties indicates.

The survey shows that over 90 percent of the farmers interviewed in Susquehanna and Wyoming counties receive a weekly newspaper, according to Emory J. Brown, professor of rural sociology and agricultural extension, who supervised the survey.

The average number of farm magazines received per family averaged five in all three counties, Brown says Relatively few farmers subscribe to the higher priced magazines or receive publications dealing with specialized fields But he finds the number of farmers reading such magazines is increasing

As for magazine reading habits, most farmers responded, "I scan the magazine and if an article hits my eye, I'll read it" Brown says the average magazine reading time for these dairy farmers is about 15 minutes daily. This is similar to results of a detailed survey of reading habits among dairy farmers in Wisconsin.

The proportion of farmers in the sample receiving a daily newspaper was 48 percent in Susquehanna County, 66 percent in Wyoming County, and 95 percent in Indiana County.

Brown described the findings in the summer issue of "Science for the Farmer," the quarterly magazine of the Agricultural Experiment Station at Penn State. He claims farmers prefer magazines and newspapers more than group meetings or personal visits as methods of getting information about farming. This preference is due to the easy access of newspapers and farm magazines, he explains

POULTRY SCIENCE

There are many areas of service in the field of poultry science, says Dr. Floyd W. Hicks, extension poultry specialist at The Pennsylvania State University. To mention a few, there are careers as technicians, veterinarians, inspectors, regulators, quality controllers, and statisticians, in addition to requirements for general service work and sales

Salt and criticism each hurt more when there are sore spots.

Royer Cow, Book Herd Top June DHIA Records

Blossomelle Zsa Zsa, a registered Holstein cow owned by Mr. and Mrs. Herbert Royer, 2025 Oregon Pike, completed the highest 305-day lactation in the Red Rose DHIA during the month of June, it was announced this week. She had 25,694 pounds of milk and 1029 pounds of butterfat.

Second high cow during the month was Dinah, a registered Holstein owned by J. Mowery Frey, Jr., 401 Beaver Valley Pike Her 287-day record showed 20,194 milk and 862 fat.

The Robert F. & Joan B. Book herd, Bareville, finished the month with the highest butterfat average at 66 pounds. This herd of 312 registered and grade Holsteins also averaged 1622 of milk

Runnerup for the month was the 402 head herd of registered Holsteins owned by Donald S. Eby, Gordonville R1. and 61 butterfat. Eby's herd averaged 1384 milk

FIFTY PERCENT RAIN

HARRISBURG—Foliage diseases have been severe in Pennsylvania this year because of wet weather, the State Department of Agriculture says.

Henry R. Nixon, director of the department's Bureau of Plant Industry, said prolonged wet weather promotes the development of fungus and bacterial plant diseases.

In many areas of the state it rained 31 of the 61 days between April 1 and June 1, Nixon pointed out.

There's a bright side to the wet weather. Nixon said some insects are subject to fungus attacks.

EARL STAUFFER, champion showman at the FFA Hog Show receives the Eby's Mill trophy from Joel Habegger. Stauffer, a member of the Cloister Chapter, also took reserve champion honors with his open Class Duroc lightweight. L. F. Photo

DIVIDE IRIS PLANTS

If your iris are too crowded, August is a good time to divide them, suggests J. Robert Nuss, extension ornamental horticulturist at Penn State University. Immediate transplanting brings the best results.

● Vo-Ag Teachers

(Continued from Page 1)

partment is back to its former structure, with Ralph Layman and William Fredd both returning. Layman had worked in administration and Fredd was on leave. Jerry McCarrell moved from agriculture to driver education. Paul Bahner transferred to Penn Manor, replacing Garland Gingerich who is on a year's leave of absence in Honduras. The third Solanco teacher, J. Richards Wood, remains at Solanco.

Meanwhile, at Garden Spot High School, Robert Elmer moved from teaching to active farming, and department had Robert Herr spearheads a pilot program which will involve sixth, seventh, and eighth graders. This will consume all of his teaching time, and agriculture has been expanded to a three-man department. Ogline replaces Herr and Robinson comes in for Elmer.

NEW TEACHERS

Ogline has taught vocational agriculture for the past two years in Somerset County. He is a three-year Marine Corps veteran, and a graduate of Penn State University's agricultural education program. The Oglines presently reside in Ephrata.

Robinson will handle the young farmer program at Garden Spot. He is also a Penn State graduate, and has recently returned from a tour of duty in Vietnam with the U. S. Army; he holds the rank of captain. Robinson's vo-ag teaching experience consists of four years in Montgomery County. The Robinsons and their three children presently reside in Lititz, but hope to relocate nearer the Garden Spot area.

In other business, the county agriculture teachers heard hog show committee chairman Clair Zerby report on this week's show and sale. In discussing the *subject of more uniform standardization of entry weights*, Zerby noted that 23 hogs entered had been over 250 pounds The association members voted to set maximum and minimum limits of 250 and 180 pounds, respectively, for future shows.

Dates were announced for several upcoming events. Elvin Hess, chairman of the County Star Farmer award committee announced that all competing boys are to report to Penn Manor High School at 1 p m. August 28 They are to bring their completed Keystone application forms along, Hess added Each boy will be interviewed by the three judges, whose names will be announced at the next teachers' meeting

Hess also announced that the County FFA Picnic will be held August 15th at Good's Park, Columbia R1 In conjunction with the picnic, Ephrata and Solanco teams will vie for the county baseball championship

Thirty animals will be entered by county FFA members in the Junior Dairy Show, to be held at Hershey August 21, at 1 p m It was noted that decreasing interest in this show has been reflected in the declining number of entries in recent years. Several considerations for reversing this trend were discussed It was announced that trophies will be donated at this year's show for the first time by Miller & Bushong and by John W Eshelman & Sons, both area feed firms

Applications for dairy calf awards, presented in conjunction with the Lampeter Fair each year by county breed associations, must be turned in to committee chairman Gerald Kiger by the next teachers' meeting — September 7, at Garden Spot High School Kiger also moved, and the members so voted, that calf award applications be limited to sophomores in agriculture.
